Veteran Data

Demographic profile of **12,391 VETERANS** enrolled in Indiana public colleges in FY 2015

Data Source: CHEDSS, Indiana Commission for Higher Education Data Submission System

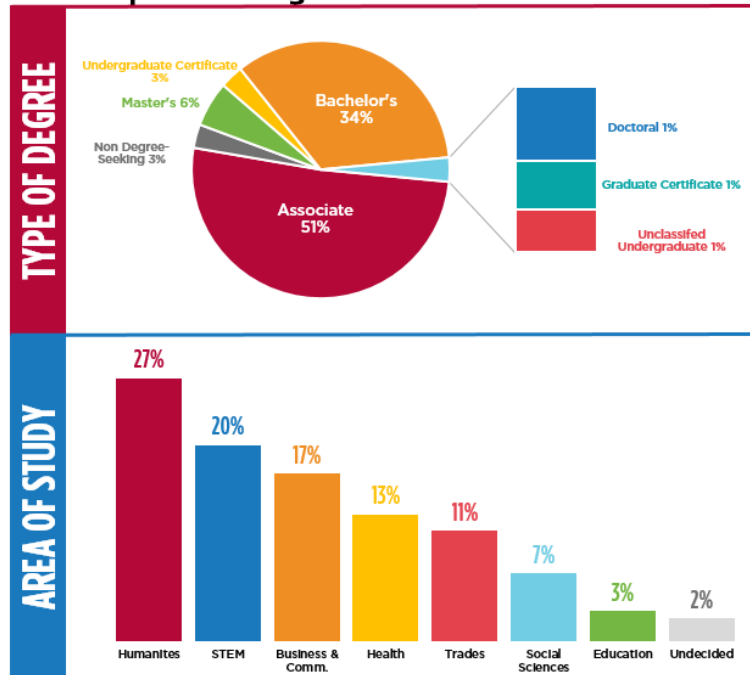

Data Notes: Data include identified veterans enrolled at Indiana public colleges in fiscal year 2015. Veterans include students who were identified by institutions as veterans. Students who were reported as high school students and/or under the age of 20 were excluded from veteran statistics. Percentages may not all add up to 100% due to rounding.
